Thank you in advance for taking the time to learn more about partnering with us as a Corporate Sponsor for our 2019 Gala of Hope.

ABOUT US - Align International began in 2006 as an organization committed to combatting the devastating effects of AIDS on a small group of people in one village. Our work has flourished into a network of supporters fighting to make a difference in the lives of thousands of people in some of the most impoverished communities in Uganda. According to Focus Economics, Uganda is the third poorest country in the world, and the CIA's World Factbook for 2019 states approximately 70% of Uganda's population is under the age of 25. Simply put, Uganda is home to an overwhelming number of orphans with little to no way of breaking the cycle of poverty.

THE MISSION OF ALIGN INTERNATIONAL - We are committed to come alongside, empower, and equip marginalized and at-risk individuals in some of the most impoverished areas in the world. We work to provide basic health, nutrition, clean water, and education so the most destitute individuals can thrive in their community and break the cycle of poverty. To date we have helped hundreds of women and children to receive clean water, daily meals, mental & medical health care and schooling through our Life with Hope sponsorship program. We have also established three schools – recognized as top schools in the Luweero District - committed to providing a quality and affordable education. And we have recently built a Life Home Village encompassing four homes to care for forty orphaned, abused and/or neglected children.

OUR GOAL FOR 2019 - Align International is focusing its efforts on expanding our Life Home Village. Our goal is to raise \$56,000. This will cover the cost to provide:

- A perimeter fence to offer protection to the children
- Residence/offices for onsite staff to care for the daily needs of the children
- A play area with a playground and sports equipment
- A community center
- Staff to ensure our growing programs are run with excellence

Our hope is to find individuals and companies with a heart to make a difference in the world. We would greatly appreciate if you would consider joining us in bringing this goal to fruition by becoming a sponsor at our 2019 Gala of Hope.

Sincerely,
The Align International Leadership Team

Align International is a 501 (c) (3)

Over a decade of fighting poverty and transforming lives.
